Location: Winslow Congregational Church

**This is a class where we will learn to “paint” with wool, silk, and bamboo fibers. We will have a class limited to 10 students. Students will learn about fibers, textures, and the techniques of needle felting and wet felting. The class will “paint” with the fibers to create their own original ocean scene. Creativity will be encouraged, and extra fiber will be available for this purpose. The finished art piece will be 8 x 10. Included is an 11 x 14 mat, now suitable for framing. All materials are provided. Beginners as well as those familiar with this medium are welcome. The instructor, Bunny, recently had the opportunity to study under Fiber Artist, Moy Mackay in Peebles, Scotland and has brought her new skills to you! You can visit Facebook--Bunny Caldwell Paints with Wool to see examples of the finished product we will make in class.**
